

A company who let you trust in IT !

HRMS Software for improved managed data

NAMISITE HRMS

NAMISITE HRMS is an Open Source system that makes every HR duty effortless. Duties include employee information management, attendance recording, payroll, on-boarding, and much more. Our team is efficient in developing, customizing, implementing applications with HRMS.

The screenshot displays the NAMISITE HRMS dashboard interface. At the top, there is a dark navigation bar with the NAMISITE logo, a 'Create New' button, and a 'Configuration Wizard' link. Below this is a blue menu bar with options: Dashboard, Self Service, Service Request, HR, Appraisals, Recruitments, Background Check, Organization, Analytics, Site Config, Modules, and More. The main content area features a 'Shortcuts' section with icons for a list, bar chart, hierarchy, and a circular chart. The dashboard is populated with several data cards:

- Employees:** 1 total. Sub-cards show Active: 1, Inactive: 0. A 'View All' button is at the bottom right.
- Employee/Candidate Screening:** 0 total. Sub-cards show Candidates: 0, Employees: 0. A 'View All' button is at the bottom right.
- My Team:** 0 total. Sub-cards show Active: 0, Inactive: 0. A 'View My Team' button is at the bottom right.
- Openings/Positions:** 0 total. Sub-cards show Approved: 0, Rejected: 0. A 'View' button is at the bottom right.
- Shortlisted & Selected Candidates:** 0 total. Sub-cards show ShortList: 0, Selected: 0. A 'View Candidates' button is at the bottom right.
- Approved Requisitions:** 0 total. A 'View All' button is at the bottom right.

On the right side of the dashboard, there are two orange notification boxes: 'No birthdays today.' and 'No Announcements'.
